Mr. David Ikari, Chief
Dairy Marketing Branch
California Department of Food and Agriculture
1220 N Street
Sacramento, CA 95814

Dear Mr. Ikari:

Prior to next week's public workshop for the July 1st public hearing, we would like to submit our most current hauling rates effective June 1, 2008 and mileage bracket changes if the PC Miler program is implemented as a result of this hearing.

We have attached our two largest independent haulers – Ruan/Kings County Truck Lines and California Milk Transport rate schedules that substantiate our request and hopefully these can be shared with the industry at the workshop so everyone has our updated information.

Our new requested rate and mileage bracket changes to Section 921.2 of the Pooling Plan are as follows:

- (a) For plants located in the Bay Area receiving area, which shall consist of the counties of Alameda, Contra Costa, Santa Clara, Santa Cruz, San Francisco, and San Mateo:

(1) From zero through 99 miles	\$0.36 per CWT
Over 99 miles through 199 miles	\$0.43 per CWT
Over 199 miles	\$0.45 per CWT
